Harris Appointed Director of Safety and Mission Assurance

Amanda O. Harris has been named director of Marshall's Safety and Mission Assurance Office. She joined Marshall in 1983 as a professional engineering intern assigned to the Test Surveillance Branch, Product Assurance Office, Science and Engineering Directorate. Since then, she has served in various positions related to the Center's safety and quality assurance activities, most recently as deputy director of the S&MA Office.

Space Transportation Resource Managers Visit Marshall Monday

Resource management representatives of the Office of Aeronautics and Space Transportation Technology are visiting Marshall Monday. They are reviewing the Commercial Technology, Advanced Space Transportation and Reusable Launch Vehicle programs.
